

Murder Mystery@Magic Circle

Murder at the North Pole

Performance: December 12, 5-9 PM at

Shelter Distillery

Ever wondered if you'd have fun putting on a murder mystery? Are you interested in learning more?

Magic Circle will be holding a Murder Mystery Workshop and Auditions on Nov 2 from 1-3 at Magic Circle lobby. We will describe the basics of a murder mystery and teach you some skills for mingling. Come see if you fit the bill.

We're casting for a holiday show called *Murder at the North Pole* and need three parts cast. Attached is the master script with character descriptions and the four scenes. Each character has less than 15 lines to memorize and otherwise needs to learn how to mingle with the crowd in character. Take a look and see where you might fit in!

Rehearsals will be once a week through most of November until December 11th.

Parts needed: Santa - Male. Preferably older but we can age you.
 Blitzen – Male. This is the body builder reindeer of the herd.
 Jack/ie Frost – Male or Female. Jack/ie controls the weather around the globe.

Don't be shy! If you think you want to do this, then show up and give it a shot!
